

Dikhilani Mvula

FINANCE & COMMERCIAL OPERATIONS

CONTACT +260 763 665 966 · deekymvula@gmail.com · Kitwe, Zambia

PROFILE Finance and commercial operations professional with hands-on experience across mining procurement, financial reporting, and international supply chain management. Built track record across Zambia's copper mining sector — managing multi-currency accounts, leading formal tender submissions, and operating full AP/AR workflows at First Quantum Minerals. Also the founder of Booklessss, a Zambian edtech startup, where AI tools are applied to product development and business modelling.

PROFESSIONAL
EXPERIENCE

- Finance Manager | Jan 2026 – Present**
Khadzika Enterprises Limited · Kitwe, Zambia
- Lead commercial operations for a mining-focused procurement business — managing client accounts and driving sales pipeline across Mopani Copper Mines, BIA Group, KCM, and CEC
 - Own international procurement across USA and South Africa: supplier selection, PO issuance, price negotiation, and inbound freight coordination
 - Prepare and submit formal tenders to major mining operators — full BOQ build, compliance documentation, and deadline-driven portal submission
 - Source specialist industrial products across a network of 50+ suppliers per requirement, balancing technical specification, cost, and lead time
 - Manage ZRA-compliant multi-currency invoicing and accounts receivable across an active client portfolio in USD and ZMW
- Finance Intern | 2024 – 2025 (12 months)**
Kansanshi Mining Plc (First Quantum Minerals) · Solwezi, Zambia
- Rotated across AP, AR, financial reporting, and budgeting at one of Zambia's largest copper mining operations
 - Processed high-volume supplier and contractor invoices through multi-level approval workflows in a large-scale mining procurement environment
 - Delivered month-end close responsibilities including account reconciliations and financial reporting submissions under formal close procedures

Founder | 2025 – Present

Booklessss · Zambia (edtech startup)

- Founded and operate a subscription-based edtech platform serving Zambian university students — 4 active courses across multiple institutions, direct-to-student acquisition
- Built the full content production system using AI tools, cutting time from raw lecture source to publication-ready branded PDF to under a day per lesson step
- Designed pricing architecture, unit economics model, and reinvestment strategy from scratch; manage all student acquisition through direct WhatsApp outreach
